Unofficial English translation of the Data Protection Description of the TUCS GP Alumni, Students and Supervisors Public Register of TUCS.

Register keeper: Turku Centre for Computer Science – TUCS
Joukahaisenkatu 3–5 B, 6th floor, 20520 TURKU, Finland
+358-2-2154204, tucs@abo.fi

Contact person regarding the register: Irmeli Laine

The purpose of: The register is a Public register, as described in the Finnish law on personal information, 4th chapter, 17th paragraph, where the common nominator for the people is the doctoral degree from the TUCS Graduate Programme (formerly the TUCS Graduate School), or supervision of such degree.

Content: The register contains the person's name, research area, title and abstract of the thesis or research plan, dates of acceptance and possible defence, student–supervisor relationships, information on TUCS funding, information on graduation, list of scientific publications, current position and possibly the current home page address and e-mail address.

Regular sources: The TUCS personnel gathers information alongside their regular duties, and revises the information once a year. The TUCS personnel may be informed on changes for the information in the register. The publications list is generated automatically from the TUCS Publication Database.

Regular provision: The register is available on the TUCS web page.

Giving information: The web page displaying the register content is available everywhere in the world.
Register protection: The register is stored on a database server, serving the web page. It is protected behind a typical server protection firewall and accessible only with user names and passwords. The backup media of the server is connected online only during backup operations, and possible backup recovery operations. All equipment are inside locked facilities.

Review rights: Generally everyone has the right to review their personal data stored in the register. The data is publicly available on TUCS web site.

Right to demand: Incorrect information is corrected without delays.
corrections Requests for corrections are to be sent to tucs@abo.fi
